Religious Themes Are on Schedule Throughout Week

This morning at 9 a. m. the third assembly for Religious Emphasis Week will be held in the auditorium. Mrs. W. Burnet Easton of Parkville will speak on "Not Loyalty to Institutions but to a Person." Students who will participate in the program are Wreatha Jarvis, Wilmer Calvin, Beverly Fletchall, Hiram Lilley, and Barbara Stuber.

Dr. Ewart H. Wyle of Kansas City addressed the student body Monday morning at 10 a. m. on the subject, "I Believe in Myself." His speech opened the program for the Religious Emphasis Week and stressed the fact that one must believe in himself and in his fellow man.

President Welcomes Visitors

Dr. J. W. Jones, president of the College, welcomed the visitors for Religious Emphasis Week and spoke briefly on the activities of Christ during the years of his early manhood, stressing the idea that Christ learned during those years to show himself approved to his fellow man and to God, and to obtain wisdom.

Art Buckingham, student president, presided and introduced Grace Denton and Monty McVicker who read the scripture and offered the prayer, respectively. Barbara Stuber played an organ prelude, and the Tower Choir gave a selection.

Rev. Ralph Sturm Speaks

Yesterday the assembly speaker was Father Ralph Sturm.

Rev. Ralph Sturm, OSB, has been appointed to take the place of Rev. Gilbert Stack. Duties previously assigned to the Rev. Stack for Religious Emphasis week are being fulfilled by the Rev. Sturm.

Rev. Sturm attended St. Patrick's grade school, in Maryville, and obtained his high school training, college, philosophy, and theological training in Conception Abbey.

He attended two summer sessions at the College. He did his graduate work in English literature at the University of Ottawa, in Canada.

Merit Awards Go To Twenty-Seven

Twenty-seven students at the College have received merit scholarships for the spring semester.

Those from Maryville to receive the scholarships were Karon M. Blake, Karen Arms, Marjorie Cannon, Ralph Pierce, Betty Wagner, and Joyce Barnes.

Others honored are as follows: Naomi Shipley, Grant City; Margaret Owen, Clarinda, Ia.; George Green, Fairfax; Lawrence Rowley, Council Bluffs, Ia.; Rolando Thompson, Ravenwood; Susan Ely, Hamilton; Sherri Heath, Exira, Ia.; Eva Hess, Skidmore; Anna Catherine Roberts, Grant City.

John Patton, Barnard; William Sutter, Rock Port; Henry Lawrence Tannehill, Thurman, Ia.; Nancy Kariger, Balboa, Canal Zone; Robert Klierim, Rock Port; Leland Jackson, Barnard; Janyce Van Gilder, Albia, Ia.; Marsha Crowell, Adel, Ia.; Henry Brooks, Independence; Judith Reno, Excelsior Springs; Gary Ewing, Meadville; Kay Johnson, Menlo, Iowa; Joyce Lash, Jamesport.

Scholarships are awarded on the basis of the student's achievement in previous schooling; especially important are the student's interests, abilities, and past achievements in scholarship, activities, citizenship, leadership, character. The scholarships cover fees for one semester.

Amateur Photogs for Top Honors

Students interested in photography are invited to enter the contest which runs until Feb. 8, 1957. Entries should be turned in at Miss Simon's office, Union. The photographs will be returned.

Divisions for photograph entries are the Black and White Division and the Color Division. Each division offers two prizes—first, and second, \$5. Black and white prints will be judged on composition, light and shadow, drama, mood, contrast, subject and subject matter. Color photographs will be judged on color, drama, subject matter, mood of color, expression and technique.

Spring Enrollment Ramps Up to 1401

Enrollment for the spring semester has reached a record number of 1401, according to Robert P. Fulsom, registrar. This number is an increase of slightly more than 100 per cent over the 1956 semester enrollment of 1269.

For the 1956 fall semester there were 1464 regular students, 36 graduate students and 61 Saturday.

V. Vaughn to Speak at FTA-ACE Meeting

Members of the Future Teachers of America met in the Gold Room of the Union Building, Wednesday, February 6. Judith Matthews, vice-president, took over the duties of president because of resignation of Sidney Jones.

Three new members, Martha Hardison, Lois Vrooman and Anna Wesack were welcomed into the John Dewey Chapter. Four members of the club conducted a panel discussion on discipline.

In connection with Religious Emphasis Week, the ACE and the F. A. will hold a combined meeting at the Horace Mann auditorium, Wednesday, February 13 at 8 p. m. Rev. Virgil Vaughn of the Maryville Baptist Church will be the speaker.

TEKE Pledges Are Activated Sunday

Sixteen pledges of Delta Nu chapter of Tau Kappa Epsilon fraternity were initiated into the bond in the formal initiation ceremony held Sunday afternoon in the Union lounge. The group attended church prior to the formal ceremony.

The men taken into the fraternity after completing Help Week were Larry Foutch, Charles Johnson, Daryl Kluever, James Marley, Robert McCullough, William Merrick, Robert Moran, William Morse, Bob Owens, Reginald Watters, Paul White, Donald Beeson, Kenneth Gabriel, Louis Gray, David Hansen, and James Tock.

Plans were made last week for the fraternity's rush smoker to be held at Armstrong's, February 19, at 7 p. m. A representative of the fraternity's national office, Grand Pylortes Russell Salsbury, is scheduled to attend the rush smoker.

Scholarship Fund To Receive Boost

During the January meeting of the Student Senate a report and resolution were given by the committee on ways and means concerning the Foreign Student Scholarship Fund.

It was resolved so that every student might share in the Foreign Student Scholarship Fund, that the ways and means committee will raise \$250 each year starting with the year 1958-59.

President J. W. Jones will be requested to allocate \$250 of the student activity fund for the Foreign Scholarship Fund on the condition that similar donations by other agencies will bring the total to \$1,000.

Becoming effective with the opening of the 1957-58 school year the policy of charging any organization granted concession privileges 10 per cent of the net receipts will be discontinued.

Growth of the student body at Northwest Missouri State College during the past years and expectation that this growth will continue in the future are the reasons for the recent appropriation by the state of \$2,165,000 for new buildings at the College. The sale of state bonds will begin shortly, and as soon as the money is on hand the work is expected to begin.

Piastro Conducts Symphonette Here For Two Audiences

The famous Longines Symphonette, conducted by Mishel Piastro, will appear for the first time on the College stage in a double concert on March 1. The 2 p. m. program is for college students, faculty, and administrative personnel, who possess activity tickets.

MISHEL PIASTRO

Those who wish to attend the afternoon program must present activity tickets at Room 101 prior to February 20. Seats for the 8 p. m. performance will be reserved. Tickets may be purchased at \$1.25 in the College assembly office.

Mr. Piastro, the conductor, is widely known in the music world. He was Toscanini's concertmaster for eleven seasons and celebrated his 25th anniversary by returning last year as soloist with the New York Philharmonic. Mr. Piastro has conducted all the symphonette's broadcasts and all their concerts since they began in 1941.

The new health and physical education building is to stand just west of the present gymnasium, and will have 48,000 square feet of floor space—more than twice the size of existing facilities. Although it has been designed primarily as a classroom building to be used by the department of health and physical education, it will provide much more room for intercollegiate games than the present gymnasium provides.

The main room will be about 120 by 215 feet, with a basketball court in the center, which is to be surrounded by a rubberized asphalt floor for general use. Seating capacity of the bleachers will be increased from 1,300 to 2,400, with some space for additional seating if and when needed. A tunnel will connect the new structure with the present gymnasium for use of the pool.

The second building scheduled for the campus is another unit for housing co-eds, which will be located just south of Residence Hall. It is anticipated that this addition will provide quarters for 196, bringing the number of women to be housed on campus to about 420.

Plans for a new construction in the area of the Quads, which will provide for about 136 more men, will begin at the same time.

COFFEE BREAK . . . Pictured here are several students talking with Dean Charles E. Koerble at the informal coffee hour sponsored by the Union Board last week. From left to right are Roger Singleton, Dr. Koerble, Ken Morton, Dean McAmis, Robert Fine, Ron Hainey, Sally Branson, and Donna Beckner.

In Our Time . . .

Delinquency! What are its causes and what can be done about it? This is an ever present problem in our world today.

Ruth Millett, a former member of the College faculty, who writes a column entitled, "Ruth Millett Thinks," published regularly in the Maryville Daily Forum, recently discussed the delinquency problem.

"Boys from 'good homes' are getting into serious trouble for no apparent reason. But there must be reasons," says Miss Millett.

Everyone has a part to play in cutting down on the advancing problem of delinquency. Parents seem always to be first named as responsible. It is true parents have a big role in the elimination and control of delinquency; however, the teen-age boys and girls who are not the delinquents can at times influence their friends who have a tendency to go astray to "go straight."

Teen-agers should be very much aware of the fact that the entire group may many times be identified by the crude actions of a minority group.

Teen-agers who refer to their friends' parents rudely as "Old lady so-and-so" or "Joe's old man" naturally feel the same disrespect for their own parents.

Miss Millett feels that parents should show their teen-age boys and girls that they are interested in where they go, what they do, and the crowd with whom they associate. Parents who do not show such an interest are encouraging delinquency in their own families.

THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

Sandfords Present Concert Featuring Strings and Piano

The Division of Music of the College will present Mary Jane Sandford and Donald Sandford in their seventh annual viola and piano recital next Wednesday. The recital will be held in the Horace Mann auditorium on February 20 at 8:15 p. m.

Classical, romantic and modern selections will be included in the program.

In the classical mood will be "Suite in D Minor" by Marin Marais. This will include "Prelude," "Variations on La Folia," "The American," "Sarabande," "The Peasant," and "Shivaree."

For a more romantic attitude, next, will be "Pictures from Fairyland" by Robert Schumann.

After the intermission several modern selections will be played such as "Carol and Christmas Dance" from "Christmas Suite" by Vaughan Williams, "Legend" by Arnold Box, "Introduction and Dance" by Joseph Jongin. A modern selection, "Elegy, Waltz, and Toccato" by Arthur Benjamin will conclude the program.

Originally, this piece was written for William Primrose.

This is a very good opportunity for all students, not only music majors and minors, and members of the faculty to hear selections of music which they would otherwise probably have no chance to hear.

Get Tickets Now!

The Longines Symphonette will present two programs on March 1. The 2 p. m. program is for College students, faculty members, administrative personnel, and others who possess activity tickets. Admission is free to the 2 p. m. performance.

The evening program admission price is \$1.25. Those who wish to attend the afternoon program must present activity tickets at room 101 prior to February 20. After this date tickets will cost 75 cents.

The Stroller . . .

The Stroller reports that Mrs. Ruth Burke, College dietician, was shocked suddenly by "The Book" in the Union dinner line last Wednesday.

Certain students on this campus are under the illusion that there is an escalator connecting the second and third floors of the Administration building. According to Darlene Vonderschmidt and Mary Dowden, the stairs, which are normally stationary, will begin to rotate by pressing a concealed button. Please girls, the students of this institution will be eternally indebted to you if you would reveal your secret.

With spring just around the corner, the Phi Sigs have introduced some new outer covering. Gray jackets with red trim are adorning the members. The Stroller almost wishes she might be a Phi Sig.

Members of the College forensic squad are scheduled to go to William Jewell for the State contests Feb. 28, March 1 and 2.

Indians Come Seeking Scalps Saturday

Deterding Leads Girardeau Cagers In Conference Go

The Cape Indians invade Bearcat territory next Saturday, February 16, when the Bearcats meet the Indians in an MIAA cage duel at the Men's Gym. The Indians, confident after winning the first encounter of the two teams two weeks ago at Cape by a score of 69-47, will be looking for another Bearcat scalp.

Coached by Ralph Pink, a graduate of Kirksville, the Indians are presently in fourth place in the MIAA while the men of Coach Bob Gregory are in the cellar.

Indians to Bring Chief Warrior
Chief Warrior for the Indians will undoubtedly be their 6' 1" senior from Collinsville, Illinois, Don Deterding, who is breathing down Bob Alcorn's neck for the scoring leadership in the conference.

Deterding played two years of junior college ball at Ventura, California, and was selected for the All-Star California Junior College team as a sophomore. He was selected to the second all-MIAA Conference team last year. According to reports from the Cape he has one of the finest jump shots in the conference.

Indians Have Height

The Indians also have quite a bit of height on the squad. With ten men listed over six feet including three men at 6'5" the visitors could give the Bearcats some trouble clearing the boards.

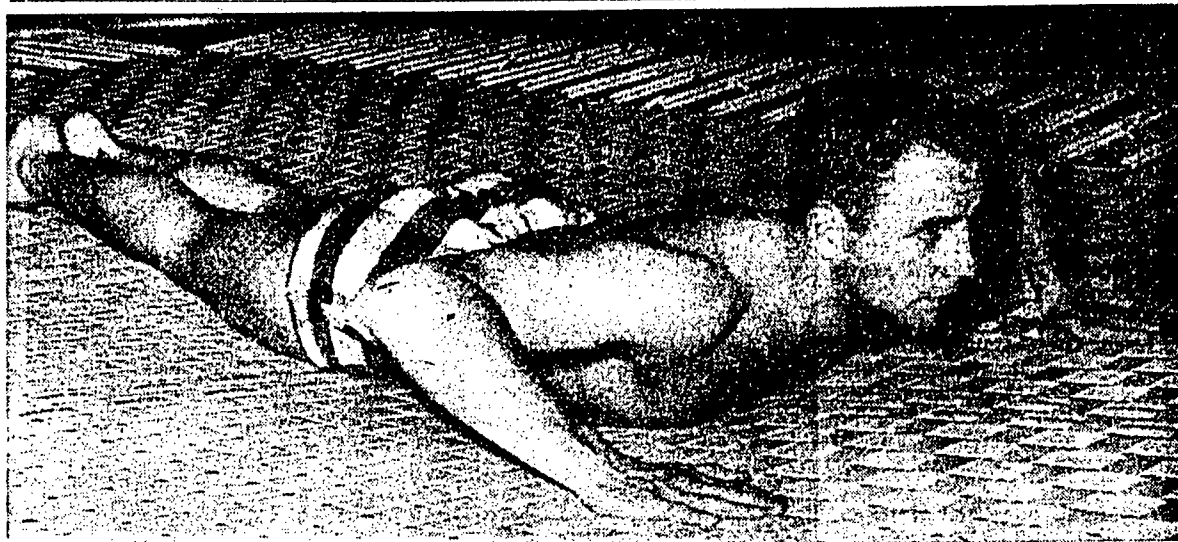

It is quite possible that the game could develop into a scoring battle between Alcorn and Deterding, unless one team is able to silence effectively the other's big scoring gun. Alcorn does have a three-inch height advantage on Deterding, however.

In points scored per game the teams are rather closely matched with Maryville scoring some 66 points per game while Coach Pink's squad has been averaging some 67 points per game. In last year's two games the Indians succeeded in taking both of them by scores of 63-36 and 86-53.

Cagers to Close Basketball Season

The Bearcats 1956-57 basketball season is drawing to a close. One more regularly scheduled season game is on the roster for the men of Coach Gregory after the tilt with Cape Girardeau Saturday night, and that is when the Springfield Bears take on the Bearcats at Springfield on Saturday, February 23.

After basketball, the emphasis will shift to track and to baseball. In fact, some men out for the cinder sport have already checked out equipment and are beginning their work-outs.

SPLAT . . . Gene Johnson, a junior from Atlantic, Iowa, is shown here working out on the trampoline down at the gym. Gene is one of the persons who have become quite adept on the "tramp" and has been included in the performances that have been given at half-time during the basketball games.

Random Shots . . .

By RICH FLEMING

Trampolining is becoming a quite popular sport on the campus these days as more and more people are working on it. Mr. Tremble teaches two classes that include work on the trampoline. These are P. E. 20a, a course in gym activity, and P. E. 26, an activity course for physical education majors. The only other chances to work on the trampoline are on Wednesday evenings and Saturday afternoons when Mr. Peterson works with some of the interested persons. Gene Johnson, Larry Rowley, Jim Tankersley, and Jan Jennings are a few of the people who are becoming quite adept at the sport. On two occasions, these people have given an exhibition of trampolining during the intermission of a basketball game.

A note of interest to all wrestling fans: An exhibition of college wrestling will be given by representatives of the intramural wrestling program at half-time of the Cape Girardeau game Saturday night, Feb. 16.

Since recently quitting the NAIA, the MIAA Conference has been contemplating the possibility of joining the National Collegiate Athletic Association (NCAA). The Conference has already decided to have its basketball champion compete in the first annual NCAA small-college tournament.

Warrensburg Leads MIAA; 'Cats Have Scoring Leader

The old adage that figures can't lie doesn't hold true when one considers the basketball season in the MIAA. The Maryville Bearcats are leading all other teams in the conference in points scored, and Coach Gregory also has the league's top scorer in Bob Alcorn, but the Bearcats find themselves presently occupying the cellar slot in the conference. The MIAA standings are as follows:

Warrensburg	5	1	.833
Kirksville	4	2	.666
Springfield	4	2	.666
Cape Girardeau	4	2	.333
Rolla	2	4	.333
Maryville	1	5	.167

The past few days have made Springfield. Rolla managed to some changes in the conference standings from what they previously were. The Warrensburg Mules won over the previously undefeated Kirksville Bulldogs, and the Springfield Bears stayed in contention by also knocking off the Bulldogs in a game played at Springfield. Rolla managed to stay out of the cellar and succeeded in keeping the Bearcats there

by whipping both the Cape Girardeau Indians and the Bearcats.

Another oddity of the figures is the fact that Warrensburg, although still leading the league, has been outscored by the opponents in conference play, with the only loss coming at the hands of the Cape Indians 70-43.

The scoring pace was quickened with Maryville's Bob Alcorn leading the league with an average of 19.5 points per game. Following closely are Deterding of Cape with 17.2, Parsons of Kirksville with 15, and Asmus of Kirksville with 14.4. When all games played are considered Alcorn and Deterding trade places.

Cape Girardeau is currently the best defensive team in the conference while Maryville is the weakest.

'Cats' Rally Falls Short; Mules Take MIAA Game 60-53

The last ten minutes of the first half prevented Maryville's Bearcats from pulling an upset, however, those disastrous minutes had entered on the score card, and as a result, the 'Cats wound up taking a stinging 60-54 defeat at the hands of the Warrensburg Mules.

Coach Bob Gregory's cap played the Mules on even terms during the first minutes of play in fact they held a 20-15 lead. The roof caved in. The Mule Gramham scored on a jump shot. Russell hit for two on a fast break and Sandbothe added three more. The Bearcats finally scored as Alcorn connected on a jump shot. **Score Was Once Tied**

At this point, the score was at 22 all, with seven minutes in the opening period. What happened after that was nothing but misery to the Bearcats and their followers. While the Mules were picking up 17 important points, 'Cats could only collect a pair.

When the gun sounded, ending the first half, the 'Cats were the short end of a 39-24 count. It is really too bad that Gregory's Cagers could manage only meager points over a ten minute stretch.

The closing frame was difficult as the men from NWMSU scored the Mules 30-21, but the point lead at intermission was too much to overcome.

Alcorn again led Bearcat scoring as he picked up 19 points. Schromm, who gave the 'Cats all night, was high point man Warrensburg with 18.

It's a puzzlement

When you're old enough to go to college, you're old enough to go out with girls. When you're old enough to go out with girls, who needs college? Oh well, there's always Coke.
